

## ENVIRONMENTAL CLEARANCE

The potential environmental impact of proposed construction and rehabilitation is a serious concern. This grant-aid program requires that all recipients of funding comply with the conditions of the National Environmental Policy Act (NEPA) prior to and during construction activities.

Letters of clearance or compliance with Federal environmental laws must be obtained by the project applicant for each project and submitted with the project application by the application deadline. Letters must be obtained from each of the applicable agencies below:

### **REQUIRED FOR LWCF AND RTP APPLICATIONS**
